

An Appeal for Construction of "Malaviya Memorial Library & Research Centre".

Mahamana Malaviya Mission Delhi have planned to construct a new Building known as Malaviya Memorial Library & Research Centre in premise of Malaviya Smriti Bhawan, 52-53, Deendayal Upadhyaya Marg, New Delhi-110002. The approval of building plan has been obtained by M.C.D. and a Construction Committee have been formed for construction of the building.

The Construction Committee is of the opinion that because the new building will be an extension of Malaviya Smriti Bhawan, its construction quality and aesthetic look should be similar to the existing building. Hence it will require substantial cost to meet the prescribed standard.

In view of above, an appeal is made to prospective builders to construct the building as a philanthropic work by deploying the labour. Material for construction will be supplied by Mahamana Malaviya Mission.

This will be a great help to Mahamana Malaviya Mission and fulfil the philosophy as it has been followed to establish B.H.U and Malaviya Smriti Bhawan with the help of donors.

Thanks,

(Dr. Ved Prakash Singh)

Secretary General

Mahamana Malaviya Mission
